## QUEST COTTONS 2

LUXURY COTTONS

Given cotton is so universal, the thrill lies in creating the ultimate base cloth before anyone else.

Our design team started working on this project to create a cloth that has the body coupled with the soft drape of a tailored fabric. The result is a fabric construction that is so unique and affords the comfort of stretch.

To cap this successful quest, we have laid out a plethora of colours that covers the entire gamut from a trouser to a sport jacket to a corporate 3-piece suit.

Quest Cottons is 100% Cotton at 300 to 320 GLM.
